MEETINGS:

- General Meetings are held the FIRST TUESDAY of every even month.
- Committee Meetings are held alternate months.

News, views and opinions expressed in this newsletter are those of the correspondents and not those necessarily of the club, committee or publicity officer. Any omissions or errors, whilst regretted, are not intended.

President's Report

Welcome to the latest issue of Bordertales - well done on the newsletter production Patrice - the club has received lots of lovely feedback on the new look!

Some of our NSW metropolitan club members are undertaking studies in the 2010 judges training scheme and congratulations are extended to the following members on successfully passing the first of their entrance examinations - well done to all - I understand that there were some very impressive pass marks involved for some of these 'studious' members!

Tracie Buckley - Ballyann

Brett Farrell - Benshiva

Melissa Dean - Benshiva

Sharon Hannigan - Neecabe

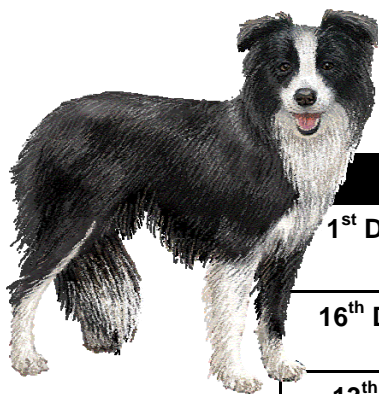

2009 Pet Expo was held during the month and a full report and photos will be found elsewhere in this newsletter - on behalf of the club, I would like to extend my thanks to Kellie Gill and her band of helpers - canine and human - for again representing the breed over several days at this event. From all reports the stand was very popular and the borders on display generated a lot of interest from the public.

If the weather we have experienced over the past week or so is any indication, we will be in for one very hot summer season - not the best time for our dogs as this is also the time for snakes and ticks! There have been quite a few incidences of both reported already and we are just heading into summer! Be careful - it can be dangerous 'out there' for both you and your beloved dogs!

Until next time....

Cheers, Lauren Somers - President

Please note that the report on the Pet Expo has not been able to be included in this Newsletter, look for it in the December editionEditor

Notice of Motion

The following notice of motion was moved by Betty Miller and will be 'put' to the next General Meeting to be held on the 1st December 2009. The meeting will start at 7:30pm and is held at Bill Spilstead Complex for Canine Affairs, Luddenham Road, Erskine Park.

The Motion to be 'put' to the members is:

"That the membership fee for serving committee members be set at 50% of the current fee for general members"

ATTENTION: ALL OWNERS OF BORDER COLLIES

ANKC SURVEY

Ceroid Lipofucinosi (CL), Trapped Neutrophil Syndrome (TNS) & Collie Eye Anomaly (CEA)

This survey applies to any Member of a Canine Control affiliated with the ANKC, who is the owner of a registered Border Collie. In the interests of the breed, please go to the web site below and read this survey carefully. To respond to the survey, download the form and reply by completing the return slip at the bottom of the survey, and send it to the ANKC Administrator, P O Box 760, Fortitude Valley, Queensland, 4006 by 31st December 2009.

If you have any trouble with the link below, go to the ANKC home page (www.ankc.org.au) and select the 'survey' page, the Border Collie survey will be found there.

Border Collie Display at Campbelltown Library

Campbelltown library has several large display cabinets which over the years have been empty. The staff at the Library had decided to take advantage of them and have been doing displays. Our own Margaret Aldos who works there, has done a lovely display of Border collie memorabilia. There has been a lot of interest in the display by the public, especially the children.

Margaret is going to co-ordinate the cabinets again for our 60th show in October next year.

The display will remain up until the New Year and is well worth a look. The Library is located at the corner of Hurley and Camden Roads, Campbelltown. It is beside the railway line between Macarthur Square and Campbelltown Mall.

Congratulations Margaret for promoting our breed.

Judge Mrs Lynn Harrison (SA) (Tullacrest Border Collies)

Around the Traps

With Ed

I would like to encourage the members to send me information on what is happening amongst the Border Collie fraternity, and Lynn Cook kindly sent the following, to add to the President's comments in her report.

We would like to congratulate Tracie Buckley, Sharon Hannigan, Melissa Dean and Brett Farrell on passing their entrance exam for Aspiring Judges. Great to see so many of our members embracing the judging arena - although a shame there will be less shows we can enter in the future! We wish them all the best of luck as they continue their studies.

Congratulations to the dogs and their owners for gaining Best In Show at either an all breed show or semi speciality, and I just want to acknowledge them, Gr Ch. Nahrof Enough Said, Gr Ch. Nahrof More Than Words HIT, Ch Nahrof Rhyme N Reason, Ch Nahrof Collectors Item.

Meet Your Committee...

Rosemary Keniry – Vice President

I became involved in the pure bred dog world as the result of a car accident that killed my pet cross kelpie in the early 80's. I purchased my first Border Collie in 1983 who later became "Champion Galabingah Golden Girl" (aka Tarah). She was the foundation bitch of Caoracu Border Collies and the dam of Champion Caoracu Victory Flash (aka Tory) and Champion Caoracu Quarter Flash (Pirate).

Initially I knew nothing of the Pedigree dog world until a friend of mine who had GSD's said that Tarah is a nice puppy and why don't you show her. So as a complete novice I began showing and became involved with the Border Collie Club of NSW around 1984. I recall very late Border Collie Club meetings at Werriwa with standing room only. Active involvement in a breed club is a necessity to improve ones knowledge about their chosen breed.

Having learned many things being involved in the club I admit that like many others I am still learning after 25 years. I enjoy watching this great breed at obedience, agility, tracking, showing, herding, flyball, dancing and sledding. Knowledge and experience has assisted me in breeding 7 champions and 1 Grand Champion from 4 of the 5 litters under the Caoracu prefix. My second Grand Champion Monochrome Roseworthy H.T. (aka Gabbi) is owned in partnership with Tricia Nicholls. Also, as a novice sheep trialler and eight year old Gabbi tagging along with her daughter Champion Caoracu Minstrels Melody HT (aka Tinga) we managed to obtain two H.T. titles on the same day. We have such a multi tasked breed it is interesting to follow different disciplines.

I have served in a number of positions in this club including President, Show Manager, General Committee Member and I have been Vice President for the last few years. The great positives of the club and the show world are the many people whom I have met through the years, in Sydney, travelling the state and visiting many country towns.

Message from the Show & Trial Secretary...

Attention all members: Please note that our next Specialty show to be held on the 13th March 2010 will be a **TWILIGHT SHOW**, commencing at 3pm with Property Classes and Agility with Breed classes to follow Property and Obedience to commence at 4pm. It will be held on the GSD grounds and should provide a bit of relief from the heat of midday.

Also our **60th Anniversary show** will be held next October and although it is 11 months away it will be a huge event - location to be confirmed but please start thinking about any contribution you could make to the show via way of sponsorship, donation of prizes or simply just helping your very hardworking committee get things organised. All ideas etc greatly received. Please contact your Show and Trial Secretary, Lynne Cook at lcook52@hotmail.com.

Border Collie Club of NSW Inc
Championship Show
Obedience, Agility & Jumping Trials
10th October 2009

Conformation Judge Lynn Harrison (SA)

Firstly, I would like to thank the Border Collie Club of NSW and the members for selecting me to judge your 58th Championship Show. It is always such a thrill for me to be asked and given the opportunity to judge my chosen breed of 35 years. I enjoyed the day immensely and came away with lots of memories. I would like to sincerely thank my ring steward, David, who kept the ring flowing smoothly all day. Huge thanks to Patrice and Courtney Smith who picked my friend Jacqui and I up from the airport and looked after us both so well, all weekend. To the hard working Committee of the Border Collie Club of NSW, many thanks for such a well run event, the trophy table was one to be seen.

When breeding, exhibiting and/or judging dogs, each person has their own likes and dislikes, things they will forgive and things they will not. Each breeder will put their own interpretation on each part of the Standard that makes up a Breed. This is what makes dog breeding and dog showing all the more interesting. Never too old to learn and we are all learning new things everyday and exchanging different view points every time we meet or go to a Show. My comments are based purely on how I interpret the Border Collie Breed Standard and how I rate the different characteristics of that Standard. It will vary to the next person I am sure, but nonetheless these are my own personal opinions taken from the day.

When analysing any dog, I first ask myself about "Breed Type", "Balance", "Soundness", "Gracefulness" and where the "feet are placed down" on the move. All crucial aspects of a Border Collie, if it is to fulfill its intended task as a working sheep dog and what it was bred to do. After breed type, the dog must be sound in body and must be effortless and have stamina on the move. I saw many forward placed forequarters with little or no prosternum, short upper arms, steep croups or no slope to the croup at all. Also long, broad, deep, muscular thighs with well-turned stifles were lacking and this aspect needs to be watched. If we are to keep the movement, "free, smooth and tireless, conveying the impression of the ability to move with great stealth", we must have well angled forequarters and hindquarters to give correct reach and hind drive. The feet must be well padded underneath and the pasterns must have a gentle slope to them, to endure the impact of such movement. On the day, there were also several dogs carrying way too much body condition, so please watch this, as it all impedes on the health of your dog, aside from anything else.

I did not want speed. Fast does not always depict correct movement, I did not want to see a "busy" action underneath the body, I wanted to see a low, long ground covering stride, with good reach and good hind drive, with a minimum lift and maximum extension of the feet.

Also coats can hide a multitude of sins, so it is important to look past this and make sure there is correct construction under the beautiful coat. When I have found my breed type, I may sometimes forgive lacking in head qualities, to get the angulations and soundness on the move. Head proportions, eye shape and ear carriage, can always be improved in one or two generations of breeding, whereas, soundness and correct movement can take many generations to gain and retain. A stunning head and huge coat, whilst eye catching, will not help a dog to work all day or do the strenuous tasks it was bred to do, if it is not built correctly.

Once again these view points are my own and are offered up in that spirit. I thank all the exhibitors for their sportsmanlike acceptance of my decisions on the day, it all helped to make this day truly memorable. My observations from the classes on the day are as follows:

BABY PUPPY DOG CLASS

1st TEHYA ON THE MONEY – T. Bailey

Lovely breed type, a stand out in this class helped along by his aged of just 3 months. Black and white well balanced baby. Good head proportions, ears need to lift with age, oval shaped dark eye, displaying a keen and mild expression. Good length of neck into well-angulated forequarter, strong bone and oval shaped feet. Good length of back down to a gentle slope to the croup and set on of tail. Well-turned stifles and strong hocks. On the side gait, good length of stride, sound coming and going. Certainly one to watch in the future. I was very pleased to award him the class and **BEST BABY PUPPY IN SHOW.**

Tehya On The Money - Araluen Have I Told You Lately

2nd BORDALACE BACK TO THE FUTURE – A. Cowin

4 month old black and white baby. Head plains at this age on the side profile were straight through, good width between the ears. Good length of neck into shoulders, but would like more angle in the upper arm. Good length of body and well turned stifles. Moved well, but would like to see more reach in the forequarter on the side gait.

3rd MACKIM STATE OF THE ART – C. Finch

4 month old black and white baby. Good head proportions. Good length of neck, preferred shoulder angles on the first two babies. Good length of body and slope of croup, short hocks. Balanced on the move.

MINOR PUPPY DOG CLASS

1st NEECABE HERES LOOKN ATU – S. Hannigan

Very mature 9 month old black and white puppy shown in full “puppy bloom”. Good width between the ears and would prefer ears to be more tipped over. Good length of neck into shoulders, well boned and good feet. Good top line held on the move and gentle slope to croup. Well turned stifles and short hocks. Good reach and drive. Very well shown and presented. I was very pleased to award him the class and **BEST OPPOSITE SEX MINOR PUPPY IN SHOW.**

2nd NAHROF TURN TO THE DARKSIDE – C. Butler

Another well handled youngster. Disadvantaged by being just out of the baby class by about 10 days and up against a much older puppy shown in full bloom. Good head proportions, correct eye shape, dark in colour and lovely expression. Would like more length in the upper arm to align his forequarter back under his withers. Well boned down to the feet, but needs more slope in the pastern. Good body length and well turned stifles. On the move, covered the ground well, but would like more reach in the forequarter and less kick up in the hind action.

PUPPY DOG CLASS**1st ETHERIAL ADRENALINE RUSH – M & S Goulding**

7 month old black and white puppy right up to size already. Strong head, would prefer less length in the muzzle. Correct eye shape and mid brown eye. Forward placed in the forequarter, this affected the length of neck. Strong bone, would prefer more slope to the pasterns. Found this puppy to be quite long in the body, well turned stifles. On the move would like more reach in the forequarter. Coat had quite a wave to it. I was pleased to award him the class and **BEST OPPOSITE SEX PUPPY IN SHOW.**

2nd DALHEATH MIDNIGHT SUN – Morrison/Rockey

6 month old black and white puppy. Strong head, but muzzle was quite heavy and did not taper to the nose. Also forward placed in the forequarter and because of age tended to be "bum high". Would like more turn of stifle and more reach and drive on the move.

3rd ETHERIAL DEALER TAKES ALL - M. Fazekas

Almost 12 month old black and white puppy, strong head, mid brown eyes. Was narrow through chest, strong bone and when viewed from the front, the feet turned out. Good proportions and well turned stifles.

**Dog Basket Raffle Prize**

Big thanks to Lynne Cook who made up the basket

JUNIOR DOG CLASS**1st CH. BORDALACE DAY DREAM BELIEVER HT – A. Cowin**

14 month old black and white, strong masculine boy, right up to size. Good width between semi erect ears, strong head and muzzle. Correct eye shape and dark in colour with keen expression. Would like more length in the upper arm, which affected front reach on the move. Strong bone, good feet. Would like to see more body length and more slope to the croup. Turn of stifle adequate and when he settled on the move and lowered his head, moved well. I was very pleased to award him the class and **BEST OPPOSITE SEX JUNIOR IN SHOW.**

2nd NAHROF NO MORE MR ICE GUY (AI) - Somers/Badior

16 month black and white male of smaller size. Very alert and a showman. Good head proportions to suit his overall size, mid brown eye, good bone for size, would like more length in the upper arm, but has a well angulated hindquarter. Would like to see a gentler slope off in the croup. Moved well. Well presented and handled. Shown in lovely coat. Just preferred the size and masculinity of 1st place.

3rd NAHROF TALKING UP A STORM (AI) - Somers/Badior/Cook

17 month black and white male, who didn't like me handling him at all. His attitude let his handler down badly on the day.

INTERMEDIATE DOG CLASS

Ch. Bordalace Flash N Dash HT

1st CH. BORDALACE FLASH N DASH HT – A. Cowin
Well presented, 2 year old black and white masculine boy of excellent breed type and good size. Perfect balance, displaying gracefulness and a smooth outline on the profile. Strong head proportions, good width between ears, correct eye shape, dark in colour with mild expression and eagerness to please his handler. Good length of neck into well angulated forequarter and depth of chest. Strong bone, good flex in pasterns and oval feet. Good spring of rib and body length, gentle slope to croup and good set on of tail with an upward swirl. Well turned and width through stifles, short thick hocks. When he settled on the move and pushed his head out and forward, carrying it in line with his top line or slightly higher, he displayed a lovely ground covering action with excellent reach and hind drive. From all angles he moved soundly. I could imagine him working all day. Really liked this boy and was very pleased to award him the class, **DOG CHALLENGE, RUNNER UP BEST IN SHOW and BEST OPPOSITE SEX INTERMEDIATE IN SHOW** in a very close contest with the bitch.

2nd CH. NAHROF TANGLED WEB - Farrell/Somers/Badior

Well presented 2 year old black and white medium sized boy of good breed type. Masculine, strong head proportions, correct eye shape and colour. Good length of neck into well angulated forequarter. Good bone and feet, well turned stifles and short strong hocks. Standing on profile lovely shape and outline. On the side gait he displayed good ground coverage, but he tended to put the brakes on for his handler and lost his top line on the move. Also moved wide in front action coming towards me.

3rd WAMINDA DUSTY TRAILS – J. Coe

23 month old black and white boy. Good head proportions, correct eye shape and colour. Good outline and body shape. Good bone and oval feet. Carried tail higher than I would like. Would like to see a better hind action going away and moved wide in front.

AUSTRALIAN BRED DOG CLASS

1st CH. DANARI DANCETH WAVES - P & T Wheatley

Another masculine boy I liked, of good size and breed type. Strong head proportions, correct eye shape and colour. Would like to see a better ear carriage and a bit more length of neck to balance the profile. Strong bone, oval feet. Good depth of body and good spring of rib, correct body length, but would like more slope to the croup. Short thick hocks. Moved with good reach and drive, covering the ground well. Very well handled and presented. I was very pleased to award him the class, **RESERVE CHALLENGE DOG and BEST OPPOSITE SEX AUSTRALIAN BRED IN SHOW.**

Ch. Danari Danceth Waves

2nd CH. SYRYNE ALTAIR O AQUILAE HSAs – S. Fossey

Another well presented masculine boy with moderate bone, mid brown eyes and good length of neck into shoulders. Moderately angled stifles, gentle slope to croup. Covered the ground well on the side gait and good head carriage on the move.

3rd BORDALACE EYE SPY HIT – A. Cowin

Masculine dog right up on size, correct eye shape, dark in colour. Good head proportions, adequate length of neck, would like more length of upper arm. Well turned stifle, stands over a lot of ground. Strong hocks. Moved well but would like more reach in the forequarter.

4th BALLYANN BEBACKBYMIDNITE – P. & T. Buckley

Another boy right up on size. Would prefer a darker eye placed wider apart, which marred his expression for me. Would like more length of neck. Moderately angled. Good bone and slope to croup. Balanced on the side gait, sound coming and going.

OPEN DOG CLASS**1st GR.CH. NAHROF MORE THAN WORDS HIT – Somers/Badior**

Good breed type, masculine. Good head proportions, correct eye shape and colour. Keen, mild expression. Well boned right to down to oval feet. Would like more slope to the pasterns and more angles in the forequarter, which would give more prosternum. Good body length and gentle slope to the croup. Good turn of stifle and short thick hocks. Sound coming and going. Although I would like to see more angle in the forequarter, this boy certainly utilises what he has and covered the ground well on the side gait. Well presented and shown in lovely condition. I was very pleased to award him the class and **BEST OPPOSITE SEX OPEN IN SHOW.**

2nd GR.CH. NAHROF ENOUGH SAID ET - Hannigan/Somers/Badior

Another well presented boy. Very similar on side profile to 1st dog. Good head proportions, strong bone, good length of neck into wither, good forequarter angles with good prosternum. Good body length and gentle slope to croup. Short strong hocks. Moved with good reach and drive.

3rd CH. BORDALACE PRIVATE BENJAMIN – A. Cowin

10 year old boy of lovely breed type, with more moderate angles. Good head proportions, correct eye shape and dark in colour with mild expression. Good length of neck, strong bone, oval feet. Good top line, but would like to see more slope to the croup. Balanced on the move, but carrying a bit too much condition for me on the day.

4th CH. MONOCHROME MAESTRO - W & P Nicholls

7 year old boy, good head proportions, correct eye shape, dark in colour with good expression. Would have liked more length of neck and he lost his top line whilst standing. Well boned and good depth of body. Moved with very good reach and hind drive.

CHALLENGE & Reserve CHALLENGE DOG

When the class winners came back into the ring, my eye was immediately drawn to the **OPEN DOG, AUSTRALIAN BRED DOG** and the **INTERMEDIATE DOG CLASS** winners. These were the 3 classes I knew the Challenge would come from. My final decision was based on my interpretation of what constituted the whole package of breed type, breed characteristics and soundness. After moving all class winners again and then the three class winners mentioned above for a second time, I finally decided upon my **INTERMEDIATE DOG**. The more he moved, the better he settled and gave me the correct ground covering reach and drive with a minimum lift of the feet. I could visualise him going all day and he was really enjoying working with his handler. I was more than happy to award **CH. BORDALACE FLASH N DASH HIT**, the Dog Challenge. For reserve, I selected my Australian Bred Dog Class winner, **CH. DANARI DANCETH WAVES**, another masculine boy who moved out freely on the day displaying good reach and drive and minimum lift of feet.

BABY PUPPY BITCH CLASS

I was thrilled to see this wonderful class of quality babies. I found it much harder to sort this class out, than the baby dogs. Several of these youngsters displayed loads of promise for the future. Any of my first 5 placings could differ on another given day.

1st ARALUEN HAVE I TOLD YOU LATELY - G & T Piercy

Once again, a well proportioned baby, advantaged by her being just 3 months of age and not yet entered the "growing spurts" that all babies must go through to reach correct heights. Good head proportions, correct eye shape and dark eye, good length of neck into shoulders, good angles fore and aft, good bone and body length, gentle slope of croup, good tail set, well turned stifles and short hocks. Good reach and drive on the move. I was very pleased to award her the class and also **BEST OPPOSITE SEX BABY IN SHOW.**

2nd BORDERLAKE SOMETHNWICKED – S. Hannigan

4 month old baby just entering that growth stage I mentioned above. Strong head proportions, correct eye shape and dark eye. Sweet expression. On the day a bit "bum high" on the stack (age related), but this leveled out on the move. Good bone and angles. Another very nice baby and pushed hard for 1st.

3rd DALHEATH IN A HEARTBEAT - M. Rockey

A day off 6 months, this baby was saved from exiting the class by a day. Very similar to 2nd place bitch in all aspects. Another very promising baby of correct proportions, who also pushed hard for 1st or 2nd.

4th TEHYA HEARTS ON FIRE - T. Bailey

5 months of age and yet again another promising baby showing all the qualities of the above place getters. Another one to be pleased with.

5th TEHYA LEGAL TENDER – T. Bailey

Just 3 months of age and yet another very promising baby. Good head proportions, dark eye. Good neck into shoulders and moved well. She did however, bring some attitude to the day, which showed in her tail carriage. But nonetheless very promising.

MINOR PUPPY BITCH**1st NAHROF SCATTERED PAGES – Somers/Badior**

Just 6 months of age, very feminine young lady. Good head proportions, correct eye shape, dark in colour, very sweet expression and very alert. Good length of neck into well angulated forequarters with good prosternum. Good bone and oval shaped feet. Moderate turn to the stifles and short hocks. The excessive white back past her lay of shoulder and elbow on her show side threw me for a moment, but once I got hands on, I soon got passed this. On the move she carried her head a little lower than I prefer, but she did have a good ground-covering gait. A quality youngster to watch in the future.

I was very pleased to award her the class and **BEST MINOR PUPPY IN SHOW.**

2nd DANARI DANCETH DREAM AGAIN - P & T Wheatley

7 month old, strong substantial puppy. Good head proportions, correct eye shape and dark in colour. Sweet expression. Good ear set and carriage. Good length of neck into well-angulated forequarter. Good length of body, well turned stifles, short hocks. Would like a bit more leg length under her body at this age. Covered the ground well on the move.

3rd QUINORA DISGUISE THE LIMIT - L. Quinto

6 month old well-angulated puppy, needs to drop in chest with maturity. Pretty head and correct shaped eye, dark in colour. Good length of body, well turned stifles and short hocks. Moved well. Unlucky to meet 1st and 2nd on the day.

Nahrof Scattered Pages - Neecabe Heres Lookn Atu

PUPPY BITCH

Tukonie To Cool For School - Etherial Adrenaline Rush

1st TUKONIE TO COOL FOR SCHOOL – L. Warren Powell

10 months old. Good head proportions, mid brown eyes. Would like more length of neck into shoulders. Good bone. Good length of body and ribbing. Well turned stifles and short hocks. Covered the ground well on the move. I was pleased to award her the class and **BEST PUPPY IN SHOW.**

2nd **MONOCHROME INSIGNIA - Keniry/Nicholls**
10 months old. Feminine head, good length of neck into well angulated shoulders, good prosternum. Good body length and good turn of stifle. Short hocks. Good reach and drive, but preferred movement overall of 1st place getter on the day.

3rd SHERMICH EBONEE VELVET - J. Skinner

Almost 9 months. Good head proportions, would like to see more angle in the forequarter, lacked prosternum, good body length with a moderate turn of stifle. Short stepping on the side gait.

JUNIOR BITCH

1st TOJESS GVME DIAMONDS N LUV – G & S. Stephenson

16 months. Good head proportions, but would like more stop and more lift to the ears. Eyes correct shape, mid brown. Good length of neck into well angulated shoulders. Possibly a bit less length in the body, but will forgive this in a bitch. Gentle slope of croup, well turned stifles and short hocks. Excelled on the move, lovely long striding side gait. Still needs to body up a bit, but feel this will come with maturity. I was very pleased to award her the class and **BEST JUNIOR IN SHOW.**

Tojess Gvme Diamonds N Luv -
Ch Bordalace Day Dream Believer HT

2nd NEECABE WRITN N THE STARS – S. Hannigan

17 months. Lovely head proportions and expression, correct eye shape and colour. Good length of neck into shoulders. Good prosternum. Good length of body and well turn stifles. Coat in full bloom. Moved very well, but just preferred the longer striding side gait of 1st in this class.

3rd TEHYA GREATEST LUV OF ALL – T. Bailey

16 months. Strong head proportions, Correct eye shape and colour. Well boned, moderately angled forequarter and hindquarter. Balanced on the move, but would like more reach and drive on the side gait and more angles would give this to her. This is what let her down to 1st and 2nd.

4th GREMARIC CHIT CHAT - P & G Revell

16 months. Good head proportions. Dark eye and correct shape. Good expression. Good body length, would prefer better tail set and cleaner hind action going away. Good reach and drive on the side gait.

INTERMEDIATE BITCH

A lovely class of quality bitches.

1st CH. TEHYA DESTINY ALL OVER – T. Bailey

This bitch caught my eye immediately upon entering the ring. Lovely breed type, graceful, strong, yet feminine. Head of correct proportions with lovely dark eye and mild expression. Good ear carriage. Good length of neck into well-angulated forequarter. Good prosternum and depth of chest. Good bone and feet. Well-sprung ribs and good body length. I liked the flowing line from arch of neck into wither, level top line, to the gentle slope off in croup to the set on of tail. Adequate turn of stifles and short hocks. Sound coming and going and covered the ground with long strides and minimum lift to the feet. She just put her head down and out and flowed effortlessly around the ring. Liked everything about her.

Well presented and shown in beautiful condition. It was my pleasure to award her first in the class, **CHALLENGE BITCH** and in a hotly contested runoff with the Challenge dog, **BEST IN SHOW** and **BEST INTERMEDIATE IN SHOW**.

Ch. Tehya Destiny All Over

2nd CH. NEECABE MURRONS LOVE – S. Hannigan

Good head proportions, mid brown eyes, good expression. Good length of neck into well angled shoulders. Well boned, would like tighter feet. Good length of body and slope to croup. Well-turned stifles and short hocks. Held top line on the move. Good reach and drive, though moved wide in front action coming toward me.

3rd CH. NAHROF WORD GAMES - Somers/Badior

Lovely head proportions and strength. Dark eye and correct shape. Good expression and ear set. Well-boned, lovely feet. Moderately angled in the forequarter and hindquarter. Balanced on the move, but would prefer the top line didn't run down into the wither on the move.

4th ARALUEN CANDLE IN THE WIND - G & T. Piercy

Good head proportions, but would like more fill under the eyes. Correct eye shape, mid brown in colour. Good length of neck into well angled shoulders. Good bone, would like tighter feet. Good body length, slope to croup. Good turn of stifle. Covered the ground well on the side gait.

AUSTRALIAN BRED BITCH

Ch Syryne Vega O Lyrae PT - Ch Danari Danceth Waves

Another strong class of lovely quality bitches.

1st CH. SYRYNE VEGA O LYRAE PT – S. Fossey

A lovely bitch to put your hands on and go over and very enthusiastic to please her handler. Pleasing head proportions, but would like more stop. Good length of neck into well angulated forequarter, good depth of chest and length of body. Level top line and gentle slope to croup and set on of tail. Well turned stifles, short hocks. Excelled on the move, long striding ground covering gait with minimum lift of the feet. Sound coming and going. Shown in lovely condition and very well presented, it was my pleasure to award her the class, **RESERVE CHALLENGE BITCH & BEST AUSTRALIAN BRED IN SHOW**.

2nd CH. DANARI DANCETH NITEAWAY HIC - Lisk/Wheatley

Another well presented bitch of lovely breed type that I really liked. Lovely head and expression. Correct eye shape and colour. Good bone, slope to pastern and feet. Well-angled forequarter with good depth of chest and good spring of rib. Correct body length, slope to croup and set on of tail. Well turned stifles, short hocks. Lovely side gait with good ground coverage and minimum lift to the feet. Pushed very hard for 1st.

3rd CH. BORDALACE ANGELIC STAR HIC – A. Cowin

Good strength of head and proportions. Lovely dark eye of correct shape. Good length of neck into well angulated forequarter. Good bone and strength. Good turn of stifle and short hocks. Would like a bit more length of leg under this bitch. Lovely ground covering side gait.

4th BORDERTON PENNY LANE – Borderton Kennels

Good head proportions but would like to see more stop. Very feminine with sweet expression.

Correct eye shape, dark in colour. Adequate length of neck, good body length, well turned stifles and short hocks. Balanced on the move.

5th FISHLOR FORGET ME NOT - G & S Stephenson

Strong head proportions, correct eye shape and colour. Good bone and feet. Good length of body and well turned stifles. Balanced on the move.

OPEN BITCH CLASS

1st CH. DANARI DRAMA QUEEN – P & T Wheatley

Lovely strong type. Good head proportions, strong bone. Good length of neck into well angled forequarter, good depth of chest, and good spring of rib. Good body length with well turned stifles and short hocks. Shown in lovely coat condition. Sound coming and going and lovely ground covering side gait. It was my pleasure to award her the class and also **BEST OPEN IN SHOW.**

Ch Danari Drama Queen -
Grd Ch Nahrof More Than Words HIT

2nd TOJESS RAZZLE DAZZLE - G & S Stephenson

Good head proportions. Correct eye shape and mid brown in colour. Well boned. Good length of neck into well angled forequarter. Good body length and turn of stifle. Moved well, unlucky to meet 1st place who was in full bloom on the day.

3rd CH. NAHROF GIRL TALK HIC – L. Cook

Good head proportions. Strong type, yet feminine. Correct eye shape and colour. Good bone, would like more body length and more turn of stifle. Would like to see a better hind action going away and a better top line on the side gait.

4th CH. NAHROF DOTS N DASHES - Revell/Somers/Badior

Good head proportions, but would like more fill under the eyes. Correct eye shape, mid brown eye. Good length of neck into withers, correct body length and gentle slope to croup. Good turn of stifle. Balanced on the side gait, but would like a better hind action going away.

CHALLENGE BITCH

When all the class winners came back into the ring, the **OPEN BITCH**, **AUSTRALIAN BRED BITCH** and the **INTERMEDIATE BITCH CLASS** winners were again on my list of contenders. Once again my final decision was based on my interpretation of the breed standard and who fitted into my ideal. I could not go past the Intermediate Class winner, **CH. TEHYA DESTINY ALL OVER**, who continued to please me when put through her paces again. I was thrilled to award her the bitch challenge for all the reasons I have set out in her critique. For reserve challenge, I selected the Australian Bred Bitch, **CH. SYRYNE VEGA O LYRAE PT**, another lovely bitch, who excelled on the move.

Ch Tehya Destiny All Over -
Ch Syryne Vega O Lyrae PT

NEUTER BITCH

1st CH. DANCINVALE DARE TO DREAM - K. Galbraith

9 year old bitch, well up to size. Good head and expression. Correct eye shape, mid brown in colour. Good ear carriage. Well boned, would prefer tighter feet. Good length of neck into withers. Well-angled forequarter and hindquarter, short hocks. Good body length and gentle slope off in croup. Shown in lovely condition and very well presented. I was pleased to award her the class and **BEST NEUTER IN SHOW.**
