MEETINGS

- **General Meetings** are held the **FIRST TUESDAY** of every **even** month.
- **Next General Meeting: 1 April 2008** at 7.30 pm, Amenities Building, Canine Complex Erskine Park. The Club welcomes ALL members and their guests.
- **Committee Meetings** are held alternate months.

News, views & opinions expressed in this newsletter are those of the correspondents and not those necessarily of those of the club, it's committee and publicity officer.

President's Report

Welcome to another issue of Bordertales.....again this newsletter contains a lot of important information which requires your attention....please read through the official notices carefully and provide the club with your responses so that our representatives can vote in a manner that IS representative of the views of our members.

The first of the Royals for 2008 has been run and won - congratulations to all - and no doubt many club members are now preparing for the second major Royal for this year - Sydney - at the end of this month - good luck to all those competing in this and also in our club's Championship Show and Trial on the following weekend. As always, we are keen to accept any offers of help on the day from members, so if you have some time to spare, please put your hand up as I am sure that we will be able to find you a job - whether it is helping with the ring set up (tables/chairs/bunting etc) in the morning or take down in the afternoon, selling raffle tickets during the day, serving morning tea/drinks to the judges and stewards in the various rings or helping Alice on the promotions table - rest assured that ANY assistance will be greatly appreciated by your hard working committee members!!

As some of our members may be aware, there has been a major management 'overhaul' at Pedigree/Advance and most of the state representatives, including our NSW rep Andrea Roth, are no longer employed by Pedigree. Pedigree has also announced that they will be reviewing all sponsorship arrangements. We have secured sponsorship, albeit on a reduced basis, for this show and we will be negotiating with Pedigree for the October show/trial and we will keep members apprised of the developments in this regard. I would like to take this opportunity to thank Andrea Roth for the support she provided to our club during her time as the NSW rep for Pedigree and wish her well in her future endeavors.

On the subject of 'thanks' - I would also like to extend mine to the club members who braved the elements earlier this month to provide dogs and bitches for use in the judges training night at Erskine Park - in addition to the dreadful weather, the grounds also suffered a black out and most of the 'judging' was conducted under the glow of car headlights!! Thank you Shiralee, Rose and Alice - it was a great effort under not so great conditions!!

Due to circumstances beyond the club's control, namely the condition of the fencing/grounds at Erskine Park following the flooding experienced last month and the availability of suitable stock, we have had to cancel the herding trial planned for May. This is unfortunate and the decision to cancel was not made lightly - the club has additional herding trials planned for later in the year and hopefully all the current obstacles will have been overcome by then.

Until next month.....

Cheers,

Lauren Somers

The Friendship Test ...

A dog is truly a man's (or woman's) best friend.

If you don't believe it, just try this experiment.

Put your dog and your wife or husband in the trunk of the car for an hour.

When you open the trunk, which one is really happy to see you?

Our Cover ...

OC Nahrof Dalriadah

As breeders of this beautiful and very versatile Border Collie we are extremely proud of the achievements that Enniskey and her dedicated owner/handler Penny Dalzell have accomplished – culminating in her **OBEDIENCE CHAMPIONSHIP** in late 2007.

She is the **fourth** Nahrof Border Collie to achieve this coveted title. Her sire is Gr Ch Nahrof Say No More and her dam is Glentora Tripitaka.

You may also recognise Enniskey from her many TV and print ad appearances including Blue Scope Steel, Pine-O-Clean, Australian Lamb, Sentinel Worming and numerous others.

Around the Traps

Welcome to the first “Around the Traps” for 2008 it certainly promises to be another exciting year on the BC front with a packed calendar of events and of course with the 2nd National being only 12 months away, I’ll be providing updates as news comes to hand.

The first of the Royals, **Canberra** kicked off the first of the major events with Mr James Reynolds from Canada presiding over an entry of 56. Victorian based Etherial BCs made it a double taking Challenge dog and BOB with Ch Etherial Chase the Ace and Challenge Bitch and RUBOB with Ch. Blaknwyte Etherials Angel, both from the open classes. Reserve Dog and Bitch were awarded to Farrell’s Gr Ch Benshiva Dot Com and Hannigan’s junior bitch, Dykinta Rave On respectively. Puppy in Group was awarded to Cowin’s Bordalace Flash n Dash. Full results can be seen later in this edition.

The **BCC of Qld** held their Open Show on Saturday 23rd February judged by Mrs C McGreevy. Challenge Dog and BIS was awarded to Smith’s Gr Ch Famewyn Fortune Hunter with Challenge Bitch RUBIS going to Leslie’s Ch Trucharm The Power O Three.

Late March the focus moves to NSW with Sydney Royal judging taking place on March 26th and the Border Collie Club of NSW’s Championship Show and Trials scheduled for March 29th. Goodluck to all those competing and I look forward to reporting on both events next month.

VALE

We are devastated to say our wonderful boy "Ace" Skaysbrook Josey Wales - has passed away, after a short blood related illness. He wasn't quite 12 years.

We couldn't have asked for a better border. He had the absolute best nature, an extremely sociable dog getting on brilliantly with every dog, cat, horse, person he met.

He was a very trainable Obedience/Agility dog that appeared to love his Agility. His intelligence and thoughtfulness would often shock us, we have been very lucky to have known him, thanks to his breeder Barbara Henderson. He is sorely missed.

NBCC ITEMS

AGENDA ITEMS FOR THE 2008 CONFERENCE OF NATIONAL BREED COUNCILS

Please return to the Secretary by 20th March

1. (submitted by Victoria)

The ANKC conduct breed survey/referendum with registered owners of each individual breed to confirm that all purebred dogs from main registered purebred parents are eligible for main or limit registration at the discretion of the breeder, and that change of registration status can only occur at the request of the breeder.

Rationale: This motion addresses the problem that has occurred in recent years, where a breeder has determined particular registration status for a dog, and a third party seeks to change the status, and;

- Gives breeders the choice on whether they wish to have progeny from their stock in the gene pool for future generations. It seems quite undemocratic to have a third person dictate what should, or should not be eligible for inclusion in the gene pool that may be against the breeders wishes, and;
- Genetic testing and such like alerts breeders to potential problems in their lines, thus an informed choice can be made by breeders without fear of repercussion, and
- This motion does not compel usage of particular dogs in the gene pool, however it does allow freedom of choice for those that would include particular dogs in the gene pool.

2. (Submitted by NSW)

The NBCC request that the decision made at the meeting of the National Breeds Standards Committee held on Saturday 20th October, 2007 at the Citigate Central Sydney Hotel, 169-179 Thomas Street, Haymarket, New South Wales on the motion of D Sales/S Mills that the ANKC write to the FCI advising the FCI that as the ANKC was the Country of Development for Border Collies that the FCI should adopt the ANKC Breed Standard for the Border Collie NOT the Kennel Club (England) be rescinded.

Rationale:

The ANKC made this decision without consultation with the NBCC and has based the motion on inaccurate information regarding dates that the first breed standard and the first Australian and UK standards were introduced. The Australian Border Collie Standard discriminates against colours which are main registered in every other country of the world as well as discriminating against ear carriage and coat length that are acceptable in other countries. The ANKC recommends that NATIONAL BREED COUNCILS recommendations & breed surveys are necessary before decisions are made yet did not consult the NBCC on this motion which is highly significant internationally.

FOR [] AGAINST []

3. (submitted by NSW)

That the NBCC request the decision made by the National Breed Standards Committee/Co-ordination Group on October 21st, 2006 to limit register BORDER COLLIES of non-standard colours be rescinded.

Rationale:

The information paper ANKC POLICY on what colours are to be registered for different breeds cites that it follows in principle the KENNEL CLUB(ENGLAND) system. Minutes from the NATIONAL BREED STANDARDS COMMITTEE meeting held on the 21st October 2006 state Mr Gent confirmed Caroline Kisko of the Kennel Club of UK had confirmed the following: "Essentially we register colours exactly as people write them on the form (i.e. whether they are standard or non standard). The only exceptions to this are when the breed gets together and asks us to limit colour registrations to those in the standard. Once these colours are agreed with the breed (all clubs have to agree) and with our Breed Standards Committee, then we limit registrations to those colours. If anyone tries to register a non standard then we ring them or send the form back and tell them to change to the standard colours. The final resort is simply to register as 'non standard colour' – which is how it appears in the register and on pedigrees. Most people don't want this so they conform!! This has been done for a few breeds so far and is available if breeds get their act together."

It was unanimously RESOLVED on the motion of P Frost/M Jones for the ANKC Administrator to forward a copy of the Kennel Club of UK email advice to the NBSCG to assist them in forming a draft policy.

It was unanimously RESOLVED on the motion of M Hammett/M Jones for the draft policy by the NBSC to be electronically circulated to all member bodies.

The National Border Collie Council has not been consulted regarding limit registration of non-standard colours nor has it requested that his policy be implemented. ANKC appears to have mis-interpreted the KENNEL CLUB (ENGLAND) policy and erroneously limit registered non-standard colour border collies. ANKC have not followed it's own recommendations.

There are no disqualifying faults stated in the border collie breed standard therefore a variation of standard colour/s is not a disqualifying fault. A dog which is a non-standard colour is no less worthy of inclusion on the main register than one which as a level bite, almond eyes, hare-feet or large ears. The Australian breed standard states any departure from description in the standard to be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to it's degree no mention is made of disqualification. Dogs with uneven wear from level bites attain Australian Champion titles and are used for breeding, yet dogs with sound bites of non-standard colours **are discriminated against. ANKC limit registration policy regarding non-standard colours** fails to acknowledge the importance to some members of performance sport aptitude in the breeding programs. There is semen in storage in Australia from International Obedience Champions which are not recognized colours in their breed, the usefulness would be lost if their non-standard colour progeny could not be used in future breeding programs.

Many international standards conflict with our standards in Australia in regard to colours; to restrict breeding to dogs of standard colours reduces the potential for genetic diversity and improvement of the breed. It also causes breeders to place more emphasis on breeding for standard colours than correct breed type, soundness of temperament and working instinct. Because of current ANKC policy regarding the downgrading of non-standard coloured dogs when being imported we may have a scenario where a best in show at Crufts or Westminster is limit registered never to be up-graded when entering Australia, if the dog were to leave Australia it could not be issued an Export Pedigree. It is also un-acceptable that non-standard coloured dogs which are to be exported to a country which recognizes a colour which the ANKC does not can not be registered on main register to enable them to be registered in the country to which they are exported. An Australian Obedience or Tracking champion which was limit registered can not receive an export pedigree even if it is desexed.
